

A RUSSIAN FORCE

Is Fortifying the Hills at Liao River

BRITISH STEAMER BOARDED

Kuropatkin Lays The Blame For His Present Position on a Sub-ordinate Officer

KUROPATKIN SHIFTING THE BLAME.

St. Petersburg, Sept. 13, 6 p. m.—The report persists, though there is nothing official to confirm it, that Gen. Kuropatkin has recommended the trial by court martial of Maj. Gen. Orloff, upon whose failure to carry out his orders the unsuccess of Gen. Kuropatkin's plans against Gen. Kuroki at the most critical hour of the battle of Liao Yang is attributed.

BRITISH STEAMER BOARDED.

Gibraltar, Sept. 14th.—The British steamer Orton, from London, reports passing yesterday a Russian cruiser which was boarding the British steamer Derwent from Liverpool.

THE MISSION OF THE LENA.

St. Petersburg, Sept. 14th, 6 p. m.—Telegraphic inquiries have elicited the information from Vladivostok that the Russian transport Lena was sent to the Pacific with the view of stopping the shipment of contraband of war. There is an intimation also, but this is not official, that several other vessels, probably merchantmen purchased in Germany and converted into armed cruisers, are in the Pacific on a similar mission.

RUSSIANS SOUTH OF THE HUN.

Tokio, Sept. 14th, 10 p. m.—Field Marshall Oyama confirms the report that a considerable force of Russians remains south of the Hun river and says the Russians are fortifying the heights of both sides of the Liao river at Tie pass.

Petropavlovsk, Kamchatka, September 13, (delayed).—In the middle of June, Lieut. Gaudet of the Japanese navy, with one hundred and fifty naval reserve men, landed on the west of Kamchatka, plundered a village and expelled the inhabitants.

MORINVILLE

Miss Ada Pinzette, daughter of A. A. Pinzette, died at her home after a month's illness, aged 10 years. The service took place at Morinville Sept. 13th, and burial at St. Albert. It was very largely attended by parents and friends. Our sympathies are with the distressed family on the sad occasion.

The general hardware store of Hettige Steffus is being well fitted up to answer the needs of the village and we are glad to hear that business is flourishing.

The Morinville Convent under the teachings of the sisters called Daughters of Jesus opened up on Sept. 5th with a good list of 85 pupils. Both English and French languages are taught on separate courses. Art and music are taught by able teachers. The Provincial Mother of said Institution where the Mother House is at Three Rivers is expected to arrive every day from the east with a few

more aids. It is the wish of the congregation to soon build up a proper establishment in order to accommodate the necessities of the Institution.

Considerable draining and street improvements before frost are being pushed vigorously which are under the supervision of Overseer Gaudette.

A grand concert will be given on the 2nd of October in the Steffus Hall by the local talent of Morinville, an up-to-date comedy will be produced. We are expecting a large attendance as our programme will be a good large one and promises to surpass everything already given.

Rev. J. A. Ethear, the parish priest, is in town to-day looking after the general interests of his congregation. It is his intention to build up a large, commodious brick church next summer in order to accommodate the fast increasing Catholic population.

Crops are very near all done and the yield is said to be very satisfactory.

JOHN CAMERON & CO

THE RAILWAY COMMISSION

Holds a Short Session in Edmonton, Hon. A. G. Blair Chairman of the Commission Pays a Remarkable Tribute to Edmonton's Brilliant Prospects as a Large Railway Centre. He Advocates a Policy of Concentration of Railways in the City.

A short session of the Railway Commission was held in the council chamber yesterday afternoon, commencing at 2.30 o'clock. A fair representation of citizens were present. The members of the Railway Commission who were present were Hon. A. G. Blair, chairman, Dr. Mills A. Geo. Blair, jr., secretary and Mr. Butcher, stenographer. The following party of C.P.R. officials were also present—Jon S. Dennis, assistant to the Second Vice-President, W. C. Bowles, assistant General Traffic Agent, R. R. Jamieson, Superintendent of the western division, and Mr. Brooks, of Calgary.

The actual work of the Commission took up but a few minutes, but the general talk on the railway situation at Edmonton by the Hon. A. G. Blair was much more interesting to those present.

In opening the meeting the Hon. A. G. Blair, chairman of the Commission stated there was nothing to come before the Commission in the former way, but that they had decided to hold a short session to see if any of the citizens wished to lay thing before the Commission. The Commission had been informed at first that a session at Edmonton was not desired, but in view of later developments they had been invited to come to Edmonton and look over the railway situation as it existed here in order that they could more intelligently deal with subjects that might arise in the future regarding Edmonton. Mr. Blair referred to the work the Commission had before them. Their present trip was extending over a period of two months and in future they would meet from place to place as occasion demanded.

F. F. Tims, secretary of the Board of Trade then introduced Mr. Drummond to the Commission and briefly announced that he had a grievance regarding the shipment of freight on which he would be pleased to be heard. A shipment of goods had been sent from England on April 29th, and were not delivered in Edmonton until after a lapse of 103 days. A month's delay took place in Winnipeg before the C.P.R. shipped the consignment to Edmonton, and there were other further delays along the line. A rate of \$2.41 per cwt. was imposed on the shipment by the C.P.R.

In reply Mr. Blair stated that the railways were required by law to forward goods with reasonable dispatch, and that he had recourse to the courts regarding this part of his complaint. Mr. Drummond was instructed to formulate his complaint regarding the rate charged and have it forwarded to the Commission, being promised that it would receive immediate consideration.

Two communications regarding the classification of freight had been received by the Commission from J.E. Blouey. As these could not properly be considered without ten days notice having been given to the railway authorities, it was impossible to deal with them at the session in Edmonton. The communications will be dealt with according to the usual method adopted in all such cases. The railway company are informed of all complaints, and a day appointed for the hearing of them when both sides would be present.

At this point Mayor Short asked Mr. Blair if affidavit evidence would be considered in a case where it would be im-

possible for the complainant to be present at the hearing of the case in Ottawa. In reply Mr. Blair stated that as yet there was no definite rule governing this point, but he did not think it would be possible to accept this kind of evidence. Some course would later be determined, on if possible, to do away with the necessity of the complainant going to a great deal of expense to be present at the hearing of the case. The original idea was to have both sides interested in the question present so that the case could be heard in all its details, and if necessary cross-examination of the witnesses taken.

This concluded the actual business to come before the Commission.

Hon. A. G. Blair then addressed a few words to the citizens present. His visit to Edmonton had been a most pleasant one, and the city was to be congratulated on the brilliant prospects before it. Continuing, Mr. Blair said:

"We have travelled over a great part of the Dominion and in no place is the outlook more promising than at Edmonton. Edmonton is bound to be a great railway centre. There is no doubt of it. The C.P.R. is near here, and I hope to see it enter Edmonton in the near future. The Canadian Northern is fast approaching, and the Grand Trunk Pacific would build both to and beyond here. These are not the only railways. There will be others running north, east and west and all will be centred in Edmonton. I believe the town is on the threshold of a great development. The railways should co-operate as regards terminals in the town. Concentration is required."

Mr. Blair spoke for several minutes in eulogistic terms regarding the future of the city. He would like to see all those interested in Edmonton concentrate their stations, sidings, car shops, etc., in a minimum of space. It does not suit the people to have a different set of stations, yards, etc., for each separate railway. If one station was commenced on a scale sufficiently commodious to accommodate all the railways which will come to Edmonton, it will be of enormous advantage and an untold benefit to the city. In the United States the railways are adopting this procedure, and it is found to be much more economical as well as convenient.

Railways sometimes secure great advantages by towns being afraid to oppose them on any question lest they should not do as much as they otherwise would for the town. If it is possible to make a good start now in the matter of centralizing railroad interests at Edmonton, the people would reap enormous benefit. We should not give up our money or land unnecessarily. The anxiety that the different railways are showing to get into Edmonton is sufficient evidence of the importance of the city. The Board has been given large jurisdiction to prevent one railroad company from having an undue advantage over another. Further, the Board intends to fully exercise the power vested in them.

Mayor Short addressed a few words to the Commission, laying before them briefly the railroad situation at Edmonton. Edmonton wants railroads. The council are desirous of aiding the railroads in making their interests identical with those of the city. Could the matter be taken up by the Commission and have the

Just a few words further about

Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

Ross Bros.,

Limited.

OIL AND GAS COMPANY

WILL COMMENCE

Active Operations in Edmonton in the Near Future. Machinery will arrive in a Fortnight

A. W. Dingman, managing director of the North-West Gas & Oil Company is in the city. He reports that the company will actively prosecute boring operations. There will be no unnecessary delay. This announcement is received with assurance, as the company in the main are local men, the officers being:

President, Dr. Wilson.
Vice-President, Jno. A. McDougall.
Managing Director, A. W. Dingman, of Toronto.

Secretary-Treasurer, T. A. Stephen.
Directors, N. D. Beck, K. A. McLeod, and A. C. Rutherford, M.L.A.
Mr. Dingman, who has had a very extensive connection with oil matters is devoting his entire personal attention to the operations of the company in this district.

Machinery has been shipped to Edmonton by the Oil Well Supply Company, Pittsburgh, one of the largest in the world. The machinery, which has been specially built to order for operations in this district, is extra heavy and most perfect in detail. This will enable the company to start boring with a large surface hole. The main part of the machinery is expected to arrive in Edmonton in the course of fifteen days, and the balance in three weeks' time. Immediately upon its arrival, expert drillers have been engaged, and no money is being spared to make a thorough test of the district for oil or gas. Pending the arriving of the machinery the necessary buildings will be erected. Mr. Dingman is in the city at present to definitely decide at what points boring operations will be first commenced. He is looking over the ground, and an announcement will be made shortly. Further particulars regarding the company's operations at Edmonton will also be made public in a few days.

SCHOOL BOARD MEETING

A regular meeting of the school board was held in the secretary's office Tuesday afternoon at 4 o'clock. The full board was present, Alex. Taylor in the chair. The minutes of the last regular and adjourned meetings were read and reconfirmed.

A communication from Mr. Arthur Hencher regarding the renting of the assembly room of the Queen's avenue school was read. It was decided to give Mr. Hencher the use of the hall five nights a week at three dollars per month. Mr. Hencher to pay his proportion of the electric lighting, until January 1st.

The Secretary was authorized to pay R. J. Manson, contractor for the new McKay avenue school, \$5,537.00, being the first payment on his contract.

It was decided to purchase a silver trophy for presentation to Lord Minto as a souvenir of his laying the corner stone of the new school.

The architect for the McKay avenue school was instructed to call for tenders for heating and plumbing of the new school.

The financial report was read and the accounts ordered to be paid. The meeting then adjourned to meet at the call of the chairman.

THE RAILWAY COMMISSION

Continued from page two.

town laid out on grounds. The commission would deem Edmonton expects a trunk Pacific railroad, is not one of antagonistic way company. We have

without railways, and it is the object of the council to make such arrangements as will provide for the proper development of the town. We are willing to provide lands to a reasonable extent for railroad purposes and it is impossible to dictate terms to a powerful corporation. Would it be within the jurisdiction of the Board to support the town in dealing with the different railway companies entering Edmonton.

Hon. Mr. Blair, in reply to this, stated that the jurisdiction of the Commission was limited to a certain extent. A railway company cannot locate a station in any special place without obtaining the consent of the Commission. The Board also has much to say regarding the accommodation offered by the railway company. It has no power over the company regarding the location of the company's car shops, etc.

Dr. Mills briefly expressed much pleasure at his visit to Northern Alberta. He was delighted with the crops and the general view of the country as seen in his trip to Fort Saskatchewan and back. He was glad to see that the district amply justified all that was claimed for it. He was surprised and pleased to find farming operations on such a broad basis as they were here. They fully came up to those of Ontario, the banner province. A successful farming district is the mainstay of a town, and he expected a brilliant future for Edmonton. Before coming West he had an idea that farming was carried on in patches, but he was pleased to find himself greatly mistaken in this. In closing his short address Dr. Mills stated that he felt satisfied that Edmonton had the foundations for great future prosperity.

The members of the Railway Commission left for Strathcona at 3:30 o'clock to spend the balance of the afternoon there.

AUCTION SALE

Of Cattle Stock and Implements, Ft. Saskatchewan

Sat. Sept. 17th. 04

The undersigned auctioneers have received instructions from Mr. Andrew Underschutz to sell his stock of Cattle and Implements at his residence on Lots 2, 3, and 4, block 6, Fort Saskatchewan, Saturday, Sept. 17th, at the hour of 1 o'clock p.m., when the following valuable stock will be sold by Public Auction:

THE GUM REMOVED

THE microscope shows each leaf of tobacco is covered with long soft hairs

which exude a viscid juice.

This is called the gum, and it covers the surface with a moist glutinous exudation.

Tobacco, to be good, must have all this gum driven out.

In Manicaragua I procure tobacco that has all this gum "sweated" by the natural heat of the climate.

Only the dry, well matured leaf remains—the leaf that when I age for three years will give a cool, fragrant smoke—odorless and aromatic—that's the characteristic odor of my Pharaoh.

None genuine unless branded PHA-RO

COL. LAKE

ACCEPTS POSITION

As Chief of Staff of the Canadian Militia. Military Council will be organized at once.

Bulletin Special Dispatch. Ottawa, Sept. 15th.—Col. Lake has accepted the position of the chief of staff of the Canadian Militia. This will enable the military council to be organized at once.

CAPTAIN BERNIER

REFUSES POSITION

As Sailing Master of the Arctic which will start for the Far North on Saturday.

Bulletin Special Dispatch. Ottawa, Sept. 15th.—Capt. Bernier has refused to accept the position of sailing master of the Arctic, which is expected to start for the far north on Saturday, and the Minister of Marine and Fisheries has given orders to engage another.

Captain Major Moodie has been placed in command of the Arctic, and Captain Bernier refused to go as sailing master. He wanted to be in command.

FORT SASKATCHEWAN

THRESHING HAS COMMENCED

Sixteen Year old Galician Boy Instantly Killed Yesterday afternoon. Crops are Good.

Ft. Saskatchewan, Sept. 15. A sixteen year old Galician boy, by the name of Andrew Trachier, who was working for Mr. W. G. Shera, on his farm, met with almost instantaneous death yesterday. They had been digging a well on the farm and had gone to a depth of thirty-five feet. The men had been engaged at other work yesterday, and the well had been covered up for twenty-four hours. It is supposed the boy became curious at noon hour how much water had come into the well. He had removed the boards and had gone down and had been overcome by gas.

He was soon discovered and was quite dead when found. The funeral took place here this morning.

Threshing has commenced in this district, and the grain is turning out well and is a beautiful sample.

W. A. D. Lees and J. D. Simons returned to the city yesterday.

Mr. and Mrs. Blois went to the city yesterday.

John Smith, of Pagan, who has taken up land near that place, passed through town on his return to-day from a two months' business visit to the States.

STABLES BURN

CAUSING HEAVY LOSS

Ryan and Eares Big Horse Barns Badly Damaged. Horses Saved from the Flames.

Bulletin Special Dispatch. Winnipeg, Sept. 14th.—A fire which broke out in the stables of the big horse barns of Ryan & Eares last night entailed a loss of \$12,000. The whole upper part of the barns were burned and 40 tons of hay went up in smoke.

Fortunately the fire was detected in time to permit the removal of 55 horses which were in the building.

HAMILTON CITY

HAS A SENSATION

Prominent Churchman Suddenly Disappears and as yet no trace of Him Has Been Discovered.

Bulletin Special Dispatch. Hamilton, Ont., Sept. 14th.—A sensation has been caused by the disappearance of Benj. Walling, Secty. of St. Luke's Sunday school and a prominent churchman. On Sunday he went with his wife to Sunday school and then left for a visit to the house of refuge. He has never been heard from since. The police are working on the case. He has been married eight years.

A PRIVATE BANK

VISITED BY BURGLARS

Vault and Safe Blown to Pieces and Robbers Make away with Considerable Booty.

Bulletin Special Dispatch. Marmora, Ont., Sept. 14th.—The private bank of A. W. Carscallon, M. P., was visited by burglars, the vault and safe blown to pieces and \$800 in cash taken besides several thousand dollars worth of certificates and a \$100 nugget.

THE GREAT NORTHERN

MAKES LARGE PURCHASE

Of Mining Interests in British Columbia Which C. P. R. Controlled Heretofore.

Bulletin Special Dispatch. Montreal, Quebec, Sept. 14th.—S. C. Minor, president of the Granby Mining Company, has sold out his interest in the big company to J. J. Hill. The company is the largest of the kind in British Columbia and has always been controlled by Canadians. It now passes under American control, the entire business, totalling \$50,000 a month, has been handled by the Canadian Pacific but by the change the business will be handled by the Great Northern Railway Company.

JAPANESE TEA PARTY.

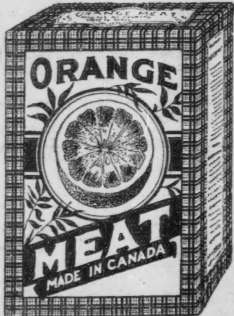

The Japanese Tea Party at the All Saints school room to-night promises to be a decided success. The school has been tastefully decorated for the occasion and the Geisha girls will give you a warm reception in their pretty Oriental costumes.

Superfluous Hair

Removed by the New Principle.

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth. Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines. De MIRACLE will be mailed to any address, sealed, in plain wrapper, on receipt of \$1.00. Your money back without question (no red tape) if it fails to do all that is claimed for it. Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Enquire for it at your local druggist or write for it to-day to: De MIRACLE CHEMICAL CO., 23 Queen St. W., Toronto, Ont.

Free Silver with This Cereal

Coupons in every 15c. package are redeemed in handsome heavy plated silverware.

The food is prepared from best Canadian wheat mixed by a special process with a special product which makes it delicate to the taste and strong in its nutriment.

Fall Wheat

Nor-West Farmer:

A number of fields of fall wheat have already been cut throughout Southern Alberta, and the yield promises to be excellent, and the sample good. That this grain will thrive in the West seems now demonstrated beyond any doubt. Last winter was about as unfavorable to any winter crop as could well be imagined. The weather was generally warm, with periodical severe spells, and there was absolutely no snow to protect the roots. What little fell was rapidly melted and evaporated by the chinook winds. The only point yet to be cleared up in connection with fall wheat as a staple crop west of Swift Current is just what position this cereal will take in any rotation that may be evolved. The harvesting would generally be too late for re-seeding the same year. This difficulty will however certainly be solved as soon as the Western farmers make up their minds to adopt fall wheat culture permanently.

E. W. Bricker, of Okotoks, is a pioneer in fall wheat production and has of late years devoted special attention to growing this crop for seed purposes. His methods are, therefore, of special interest to those contemplating embarking in raising this cereal. Mr. Bricker is of opinion that with the possibility of a series of dry seasons staring the West in the face the question of how to retain the moisture in the soil is one of the problems to be solved in connection with producing fall wheat. Mr. Bricker sows his fall wheat on summer fallow. About the second week in July he ploughs deeply and is very particular to keep the harrows

lowing immediately after the plough. He will not even stop work in order to go to dinner until he has harrowed what he has ploughed in the forenoon. As soon as the land has been harrowed, he rolls it with a heavy roller, and follows with harrowing once or twice a week. This serves the double purpose of preserving the moisture and keeping down the weeds. Mr. Bricker sows his fall wheat about the first week in August, but is not by any means certain that this is the best time. Much depends naturally upon the season and it will probably take some years of repeated experiments to form reliable conclusions on this point. He has grown some very excellent crops of fall wheat on spring breaking. His system in this respect is to wait until the grass is long before breaking, and then turn the green grass carefully under. His theory is that with a fairly favorable season the green grass rots at once and preserves moisture. Immediately after breaking he follows with a disk harrow and keeps this implement going until the soil has been cut up fine and a good seed bed prepared. He sows the wheat during the beginning of August in the same manner as on summer fallow.

BULLETIN CO. LTD.

LOCAL

—Train on time.

—J. B. Little's brick yard has closed down for this season.

—The Railway Commission left Strathcona this morning for Calgary, on their way east.

—Sir Thomas Shaughnessy, President of the C.P.R., will arrive in Strathcona at 3 p.m.

—This is the first day of the open season for prairie chickens, shooting. Chickens are reported rather scarce.

—Strathcona, Leduc and other towns along the C. & E. are observing civic holiday to-day.

—A special meeting of the city council will be held to-morrow at four o'clock.

—Monday next is the Hebrew Annetment Day, and all Hebrew places of business in the city will be closed.

—Edmonton and Strathcona Lacrosse Clubs meet in friendly contest on Strathcona grounds this afternoon. The game commences at four o'clock.

—Lists of the school lands for sale at Edmonton and other points along the C. & E. Railway may be obtained at the Dominion Lands Office, Edmonton.

—R. Holloway, of Conjuring Creek, west of Leduc, has left splendid samples of Duck Bill and Stanley barley at the Bulletin office. The Stanley variety is six-rowed, and will yield very heavily.

—John L. Maneer, of Buffalo, N.Y., arrived in Edmonton Tuesday evening in the course of a very pleasant trip through Western Canada. He is delighted with the condition of the harvest and the country's prospects generally.

—Arthur Trent, of Robinson & Trembly Bros., Moose Jaw, and J. Curry, of Newmarket, Ont., arrived last night on the way to Vegreville. Mr. Trent is the owner of the Vegreville town site, which was sub-divided last summer.

—Another enthusiastic practise of the Choral Society was held Tuesday evening, a large number being present. There is still room for more singers in each of the parts. The Choral Society meets to practice "Quinn's Redemption" every Tuesday night at 8 o'clock in Sandison's Hall.

—L. McCready, of the Columbia River Lumber Company, is in town. Mr. McCready has been superintending the shipment of the piling and bridge timber required for the Battleford bridge from the Crows Nest Pass line to Edmonton. Practically all the timber has now arrived.

—The Methodist Sunday schools of the town will hold their annual picnic on the exhibition grounds on Saturday afternoon of this week. A band will be at the church at 12:30 o'clock to convey the small children. Baskets left at the church before 1 o'clock will be taken to the grounds.

—The ladies of the Presbyterian church met in the church yesterday afternoon to perfect the organization of a missionary society to include both home and foreign missions. A society was formed with Mrs. D.G. McCready as Hon. President, and Mrs. E. J. Masson as President.

—Geo. Henderson, of Walkerton, and Patrick Cummings, of Port Elgin, Ontario, ex-warden of Bruce County, are in the city to-day, looking over this district. Edmonton was a genuine surprise to them and they saw a great future for the town. They will go home by way of the coast, thence south to California and back by St. Louis.

—A. M. Stewart returned from a drive yesterday along the Fort Saskatchewan trail. Monday night's frost did very little damage in this locality, the frost seemingly was heavier at Edmonton than towards the Fort. Samples of oats still standing, but well advanced, were examined, and showed no damage from frost.

PERSONAL

Wednesday's Personal.

Jas. Gibbons, of the Stoney Plains Indian Agency, is in the city.

Mr. and Mrs. C. W. Strathy and child returned to the city last evening.

N. D. Beck returned to the city last night from a visit to his home in Peterborough, Ontario.

J. H. Pickering returned to the city last night from a trip down the line.

Miss Edith Bellamy left for Winnipeg yesterday morning on a visit to friends in that city. She expects to return to Edmonton by October 1st.

PERSONAL

C. E. Sienert, of Council Bluffs, Ia., is in the city.

C. B. Beck, brother of N. D. Beck, Edmonton, arrived in the city last night from Ontario.

M. D. Geddes, associate editor of the Farmers' Advocate, Calgary, is in the city to-day.

Ed. Thompson and H. T. Walker arrived in the city last night from Wetaskiwin.

W. C. Bowles, J. S. Dennis, R. R. Jamieson, and N. E. Brooks went south this morning after spending yesterday in the city.

Mrs. W. J. Foster, left this morning for Fort Saskatchewan to join her husband, who is in charge of the Fort office of Appleby & Foster, undertakers.

Mrs. W. J. Chisholm and Master Walton, who have been visiting her mother, Mrs. Andrew Coghill, of Belmont, for the past two months, returned to her home in Victoria, B.C.

C. F. Sise, President of the Bell Telephone Company, L. B. McFarlane, General Superintendent, and F. C. Patterson, Manager of the North-West Department, who have been spending the past few days in the city, left for the south this morning.

THE MARKETS

Butter—Tub butter brings from 12 1/2 to 15 cents a pound; print butter from 15 to 18 cents. 20 cents a pound is paid by special customers for particularly choice prints.

Pork—There is a good demand for hogs, the price ranging from 31-2 to 41-2 cents a pound.

Potatoes—Large quantities of choice potatoes are being delivered. They bring from 25 to 30 cents a bushel.

Eggs—Eggs bring to 20 cents a dozen. There is a strong demand for good fresh eggs.

Poultry—Chicken bring 8 cents a pound live; 10 cents dressed.

Beef—From 2 to 23-4 is paid for fat cattle.

Hay—From 1 to 6 dollars a ton is paid for hay; Timothy brings from 8 to 9 dollars a ton.
